

## **Silk Skin Spa 134 Carrington Street New Plymouth**

List of hygiene, disinfecting and sanitizing measures for level 2 from 12 Aug 2020

- Limit number of people in reception
- Only one client in treatment room at any given time, babies are welcome. This includes not bringing another to wait in reception
- All persons required to use our hand sanitizer at the door before they enter
- For maintenance treatments, no linen will be used on bed, just as a throw if necessary
- All therapists have been trained in the appropriate use of PPE
- Therapist will wear masks during all treatments.
- Clients offered a mask if they would like one at a cost of \$3
- Buffer time booked in-between every client to wipe down treatment rooms and services
- Cushions removed from treatment rooms and chair cushions covered with disposable couch-roll. We do ask to not to sit on these and just make your way to the treatment couch.
- Please place your handbag and any other personal items on bed with you
- No hot drinks or water can be offered but you can purchase a delicious coffee from down the road at Baked!
- No hand-made with love bliss balls :O(
- Reception desk and eftpos machine are wiped down before client needs to touch anything
- Removal of pretty comfy reception chairs to wipeable ugly ones
- Gloves to be worn for waxing, electrolysis specific facial treatments
- All metal implements sterilized in the glass bead sterilizer in-between each use.
- Other implements that are unable to be put into glass bead are sanitized, disinfected and stored in UV cabinet
- Disposable nail and foot files used and gifted to client
- Disposable facial sponges used and gifted to client
- Clean laundered (60 degrees wash) linen
- No re-dipped ever of disposable wooden spatulas into wax
- No roller warm wax units, Silk uses the PhD waxing system that ensures no backflow of wax removing the chance for cross-contamination

OUR PROMISE IS AND ALWAYS WILL BE TO CARE AND LOOK AFTER YOU 100%
